INTRODUCTION

Thank you for choosing C&S Print Services to produce your specialist photo products.

Our service is based upon the quality of our products and the un-rivalled customer service we provide. At C&S Print Services we understand that when producing prints and wall products the quality has to be of the highest standard. For that reason we use only the best materials and cutting edge production processes to ensure that your orders are perfect, every single time.

We also aim to make the ordering process as simple and hassle-free as possible. We look forward to seeing your images and working with you.

02

SERVICE AND QUALITY

We print using the highest quality, industry leading, large format printers using only branded UV resistant, photo-chromatic inks. Rest assured that the print will remain bright and vibrant for years to come. All of our print technology is regularly serviced and calibrated to give perfect results with every single print.

Our manufacturing partner is capable of producing hundreds of images a day so rest assured, no order is too large for us to complete. The team of experienced framers, designers and print specialists will work around the clock to ensure that your products arrive with you on time and finished to the highest quality.

All of our orders are quality control checked, shrink wrapped and securely packaged. All orders are printed and can be collected from us or we can dispatch and deliver via our specialist overnight carrier – anywhere in the UK or abroad.

Throughout the brochure you will see the following symbol:-

PRODUCTION TIME **4 DAYS**

This is an indication of the turnaround time (in working days) from you placing the order to when you will receive the product.

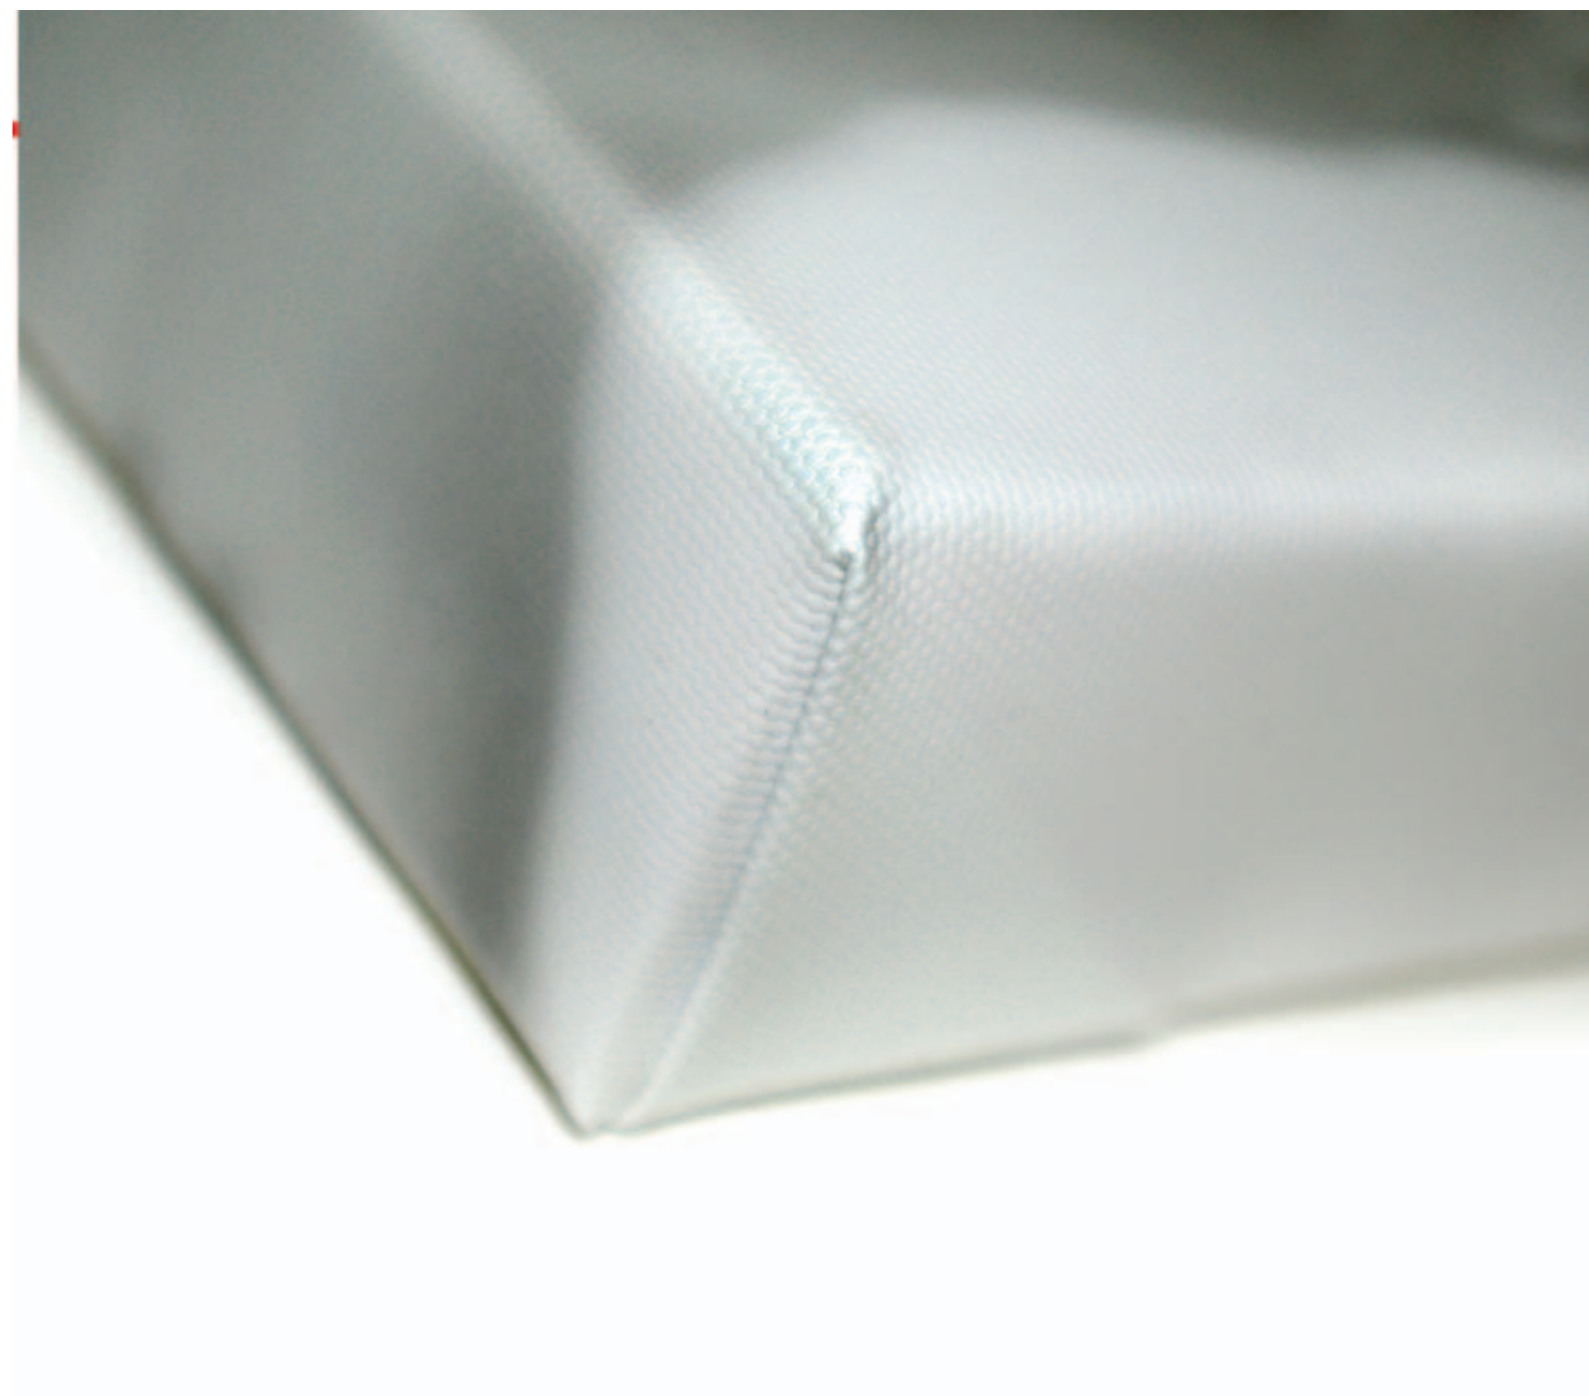

THE CANVAS RANGE

Over the years C&S Print Services has had growing requests for a Canvas Range of products. Now using the very highest quality 12 ink digital printing processes and lightfast ink technology we can produce consistent results time after time.

The Canvas Range features a number of distinct canvas products with varying display options – providing a fantastic choice of display and finishing options.

We source the best materials from across the globe in order to facilitate this process whilst also keeping our prices extremely competitive.

All of our canvas products are hand crafted by a talented production team who have over 30 years experience in the crafting and manufacture of canvas frames. The skill and attention to detail of the canvas team will be evident on every order you make with us.

THE CANVAS WRAP

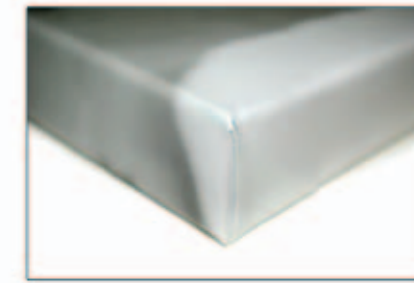

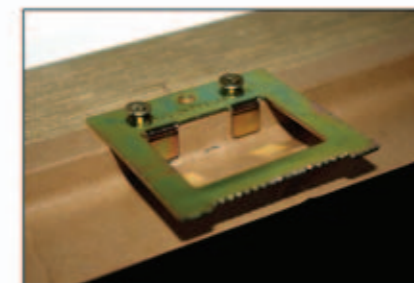

The Canvas Wrap continues to be one of the most popular choices of product for photographers nationwide

Our Canvas Wraps are hand stretched around 38mm deep wooden frames which are available in any size from 8 to 60 inches (larger sizes available upon request). The final product sits flush to the wall and is available in three styles of edge finish: wrap-around, coloured or white.

The Canvas Wrap is available in a standard matte finish or with a protective satin laminate. The laminated option has the added benefits of being scratch resistant and waterproof. Each Canvas Wrap comes complete with a brass wall fixing attached as standard.

PRODUCTION TIME **3** DAYS

THE CANVAS MODE

One of the most stunning wall art products on the market, the Canvas Mode offers an extremely high quality and elegant presentation for your images.

A 38mm deep Canvas Wrap (available in matte or laminate options) is positioned within a 60mm deep super-chunky frame leaving a gutter of 10mm visible between canvas and frame. The canvas sits almost flush with the outside of the frame giving an elegant, symmetrical finish.

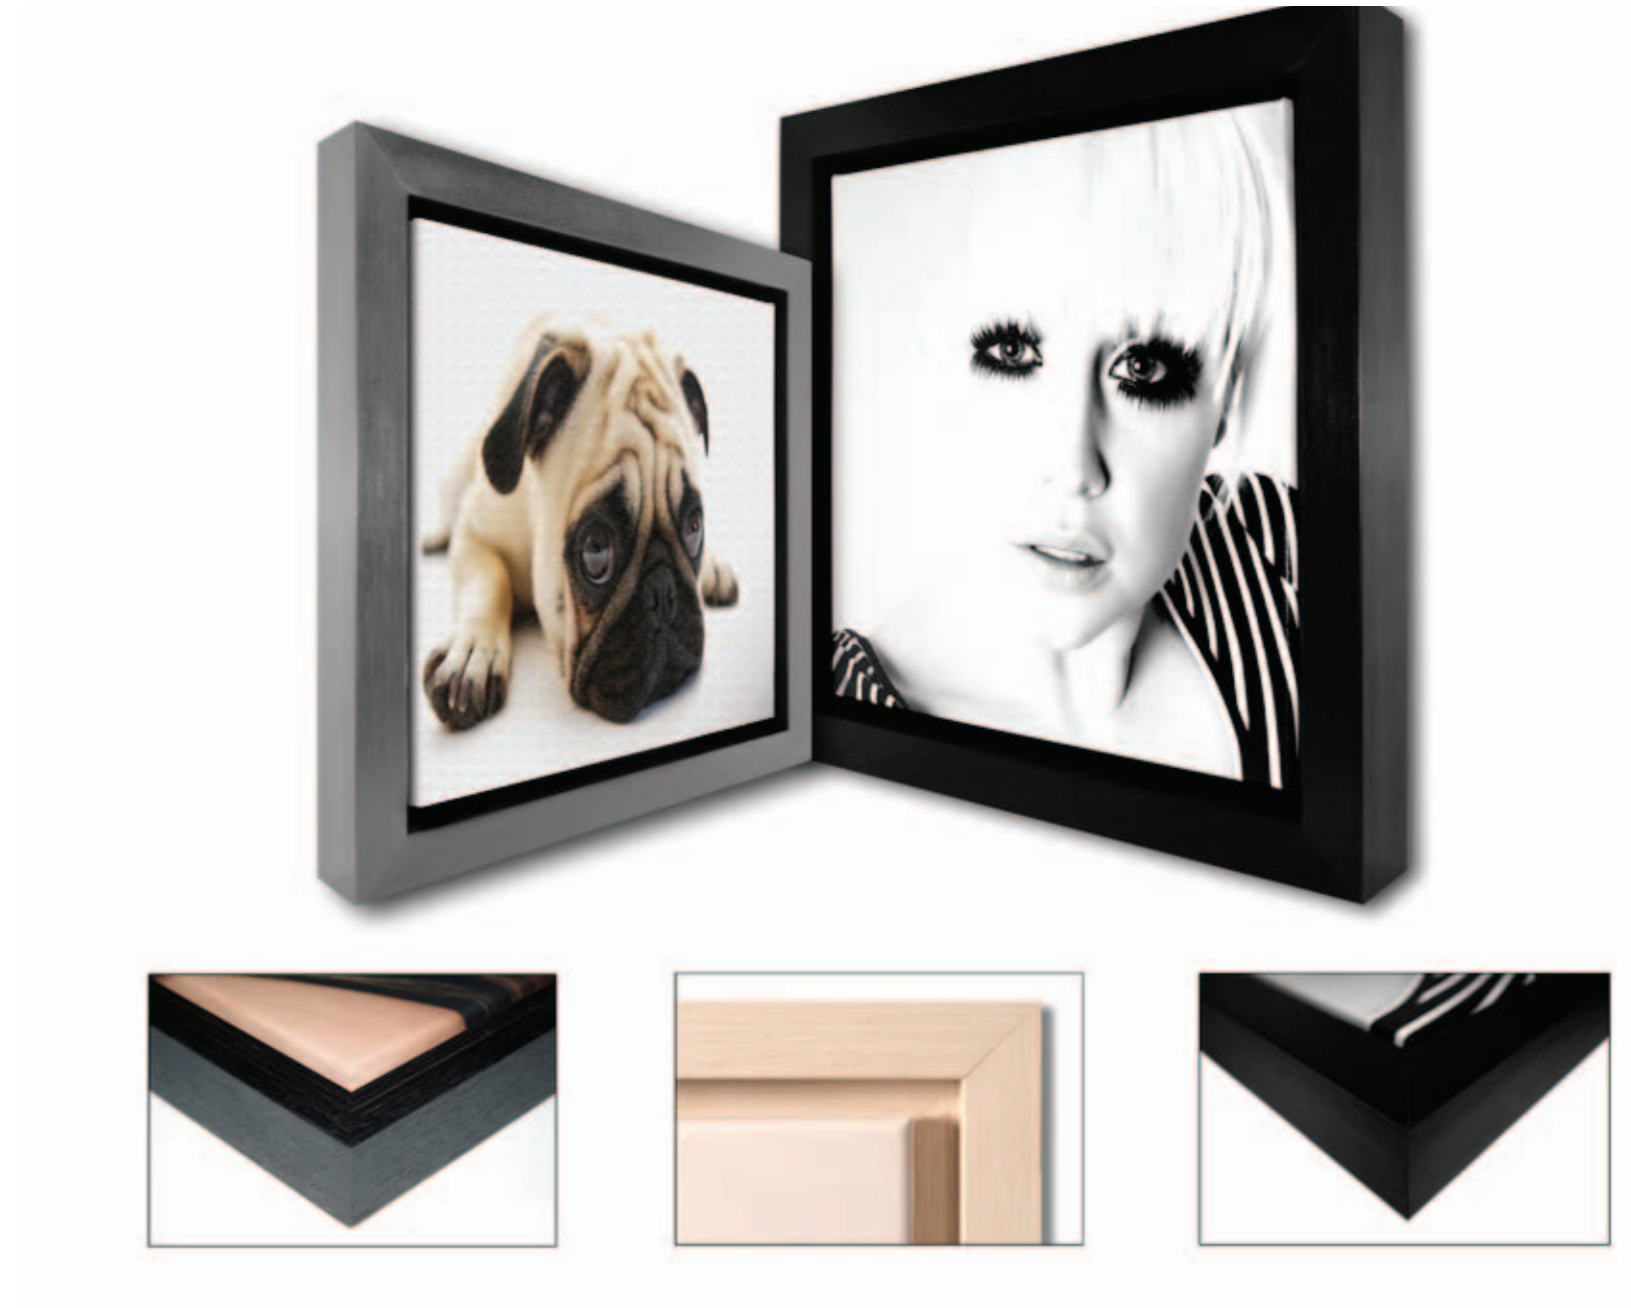

The Canvas Mode product is finished with brass hanging kits and is available in a selection of popular sizes and the following moulding options:

BRUSHED BLACK

BRUSHED WHITEWASH

THE ARTWRAP CANVAS

A variation on a classic. Our new Artwrap Canvas prints make a fantastic alternative to a traditional Canvas Wrap.

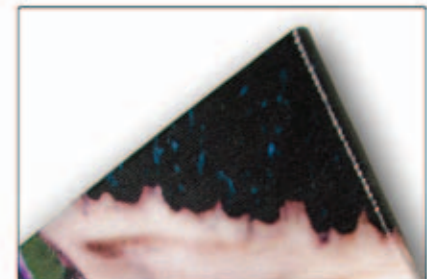

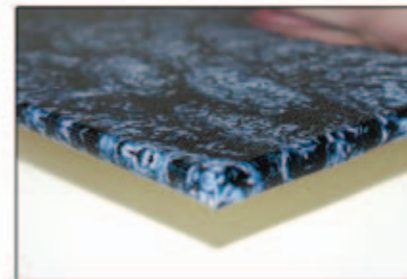

Tension mounted, stretched and bonded to 6mm thick block-board, the Artwrap Canvas is wrapped around the board to eliminate bowing and the corners are then folded ensuring a perfect finish.

The finished product is fixed to the wall using 12mm wooden batons which keep the wrap proud from the wall's surface, displaying your photography at it's best. It is hung on the wall via a discreet key-hole fixing system that is hidden from view

The Artwrap Canvas is finished with a protective satin laminate which both water-proofs the product and protects it from dust and scratches.

THE CANVAS OUTLINE

The Canvas Outline is an exclusive new product that combines a traditional Canvas Wrap and one of our fantastic Boxframes.

A 18mm deep Canvas Wrap sits proud from the front of the frame but flush to the sides, providing the product with its unique 'stepped' effect. The narrow edges of the Boxframe give the canvas a defined outline without overpowering the image itself.

The product is finished at the back with a brilliant white backing board and a brass fixing kit allowing for effortless hanging. Canvas Outline is available in a selection of popular sizes and the following moulding options:

BLACK	BRUSHED SILVER	BRUSHED OAK
SMOOTH MATTE WHITE	FLAT WALNUT	FLAT GOLD
BRUSHED BRONZE	BRUSHED WHITEWASH

THE CANVAS IMPACT

Our new Canvas Impacts are professionally hand stretched across high-impact 76mm thick wooden bars making them a perfect selection for your more dramatic images.

Like the traditional Canvas Wrap the Canvas Impact is again available with a choice of either an image wrap-around or a coloured border around it's sides. Please note however that when selecting an image wrap-around you will have to allow for 76mm of bleed all the way around the canvas.

The Canvas Impact is available in traditional non-reflective matte finish or coated with a protective satin laminate. The laminate having the extra benefit of being scratch resistant along with waterproofing the canvas.

The Canvas Impact is available in a selection of popular sizes and is finished with a backing board and brass fixing kits.

THE ACRYLIC RANGE

As the fastest growing presentation option on the market, Acrylic prints and mounts have enjoyed a rapid growth in both quality and variety. They are amongst the most stylish and contemporary display products available – giving a high impact finish to your work.

Our acrylic range features a fantastic variety of finishes and framing options, giving you the very best choice in products. The high gloss nature of the acrylic ensures amazingly bright and vibrant colour reproduction throughout the range.

All of our acrylic products are expertly cut and diamond polished which provides a crisp, crystal clear finish and a clarity of image that can not be matched. Every acrylic in the range comes pre-drilled (where applicable) and is supplied with all of the necessary fixings and instructions for mounting.

THE ACRYLIC MOUNT

The Acrylic Mount is a stunning and extremely popular addition to our product range. The simplicity and style of its design and manufacture makes it a perfect, versatile display option for any image.

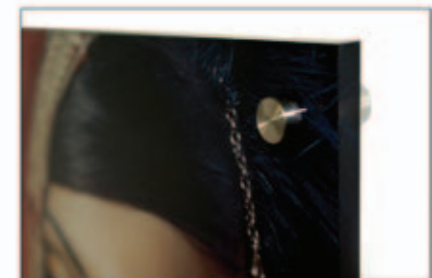

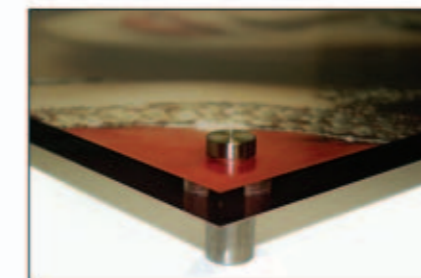

The product features a single photographic print that is back mounted and heat sealed onto a solid acrylic sheet, providing a finish with stunning clarity.

The Acrylic Mount is available in two thickness options (5mm and 10mm) and comes in a variety of popular sizes. Custom sizes are always available but please be advised that custom acrylics will take up to a week in extra production time.

Both the 5mm and 10mm options are pre-drilled in order to thread-through the stylish aluminium corner fixings which hold the Acrylic Mount proud of the wall.

THE FLOATING ACRYLIC

The Floating Acrylic is a brand new product for 2012 and provides a stunning alternative to the traditional Acrylic Mount.

A crystal clear, ultra-high clarity Acrylic Mount is affixed to a 3mm backing board, tapered at the edges to hide from view. The backing board is brilliant white which helps to achieve a stunningly vibrant image with no darkening of the prints colour which is often a by-product of alternative methods.

There are no visible fixings as the prints attach to the wall using unobtrusive wooden batons which are supplied already fixed to the back of the acrylic. This keeps the Gallery Print proud from the wall surface and gives the product it's distinctive floating effect.

The Floating Acrylic is a perfect alternative to those who do not wish to display their acrylic with the metal fixings in each corner and is available in a number of popular sizes.

THE FOTOBLOC

The Fotobloc is the perfect display option for desktops, coffee tables and mantle pieces, providing depth and clarity to your image at a perfect size and shape for freestanding display. From the side our Fotoblocs give a stunning 3D prism effect. Creating a different look to the product when viewed at various angles.

Similar to the Acrylic Mount, a photographic print is back mounted and heat sealed to a crystal clear acrylic block (available in 20mm and 30mm thickness). The acrylic we use in our Fotoblocs have all been laser cut and diamond polished which provides a flawless finish to the piece.

The back of our Fotoblocs are coated with a protective laminate seal to protect the product. The Fotobloc is available in a range of popular sizes.

THE MINIMALIST RANGE

At C&S Print Services we understand that it is important to offer a diverse product range so that you can choose from as wide a range as possible.

The minimalist Range offers a variety of fantastic, frameless display products that allow the photograph to take centre stage whilst at the same time complimenting your images with sleek, contemporary finishes and no visible fixings.

All products in the range feature expertly crafted components and are constructed to the very highest standards.

THE BLOCKMOUNT

The Blockmount is the perfect mount style for allowing the photograph to take centre stage. It provides a contemporary, minimalist finish that is both solid and resilient.

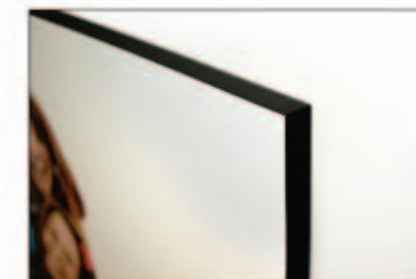

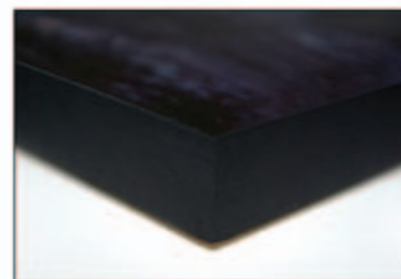

Your image is printed onto photographic grade paper and then carefully coated with a protective pearl finish. It is then fixed directly onto a 18mm MDF panel and the edges of the product are then bonded with a textured, durable black ash edge.

The Blockmount is available with two different mounting options. You can have your product sit flush to the wall using a countersunk keyhole fixing or alternatively you can your Blockmount can be fixed with MDF batons that keep it 19mm proud of the wall. As the batons are hidden from view, this gives a striking 'floating effect'.

Both mount options are available in a wide variety of popular sizes.

PRODUCTION TIME **4** DAYS

THE EXHIBITION PRINT

Exhibition Prints are a perfect format for displaying your images in a stylish but unobtrusive way. Versatile enough for almost any commission, the Exhibition Print is available in two distinct finishes – Standard and Deluxe.

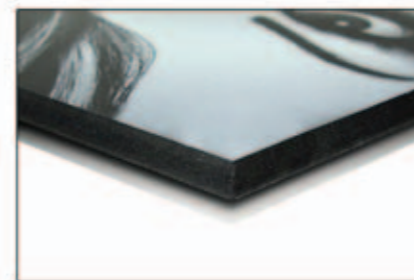

The Standard finish stands proud from the wall on 19mm foam X batons, giving it a floating effect and is attached to the wall with a simple keyhole fixing. The Deluxe version is fixed to the wall using 4 stainless steel standoffs in each corner of the print, making it a much more sturdy option for public display.

With both finishes a photographic print of your image is coated with a peel laminate for protection and then affixed to the face of a 10mm rigid PVC foam X panel, a material that is extremely lightweight and easy to transport.

The print arrives with you ready to hang and is available in a selection of popular sizes.

PRODUCTION TIME **3-4 DAYS**

For more information on our Exhibition Prints
email: print@candsprint.com tel: 01934 622 240

THE JIGSAW

A fantastic and completely unique display utilising frameless design. The three dimensional mosaic layout can be arranged in two distinct patterns and sizes.

Easy to hang and relatively lightweight for its size, the Jigsaw is created using a combination of various sized 5mm mini Exhibition Prints joined together and securely affixed to a black, rigid PVC backboard. The backboard is countersunk with keyhole fixings to allow for easy mounting

One or many different images can be utilised in this display, giving you creative freedom to create something truly unique.

Sizes:

29.25" x 29.25" (Five 7"x7" panels and four 11"x11")

And

45"x29.5" (one 14"x10", one 10"x10", one 30"x10", two 8"x8", two 10"x8", two 6"x6" and 6"x4")

PRODUCTION TIME **8 DAYS**

email: print@candsprint.com tel: 01934 622 240

THE PHOTO WRAP

The Photo Wrap utilises the same wrapping technique as our Canvas Artwrap but with a photographic print replacing the canvas however still being affixed around the edges of a lightweight foam X board.

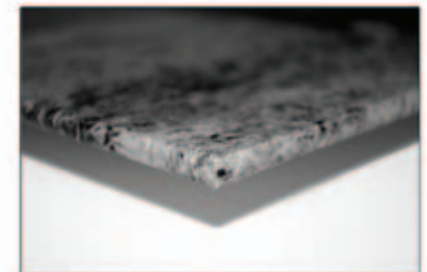

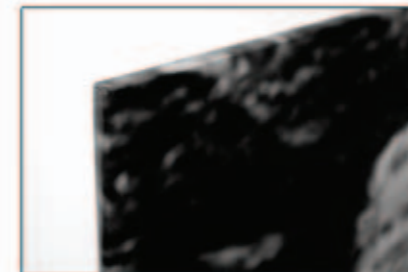

A photographic print of your image is first laminated with a protective pearl covering and then affixed to a sheet of 5mm foam X, wrapping the image around the sides of the board before being sealed at the back.

Like the Exhibition Print, The Photo Wrap is available in Standard or Deluxe options. The Standard is fitted with 19mm foam X batons at the back which are countersunk with key hole hanging kits allowing for easy wall mounting and giving a stylish 'floating' effect to the product. The Deluxe version is fixed to the wall using 4 stainless steel standoffs in each corner of the print, making it a much more sturdy option for public display.

The Photo Wrap is available in a selection of popular sizes.

THE FRAMED RANGE

As framed products still account for a popular part of printed images, C&S Print Services are now pleased to offer an ever expanding range of framed products and prints. From contemporary wall art to stylish traditional frames and mounts we are confident that we have the variety and quality of product to provide every photographer with a complete framing service – at extremely competitive prices.

We are able to utilise the very best production materials and equipment. This has allowed us to expand our range of services dramatically.

Offering the complete framing service also dramatically reduces the time and effort usually required from yourselves in producing framed products and prints – simply upload your image and receive the completed product back.

THE BOXFRAME

The Boxframe is one of the most stylish and presentable frame options on the market – a unique alternative to a traditional framed print.

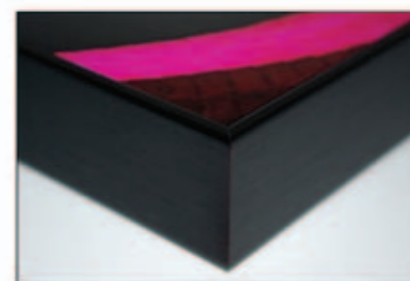

There are two options available with our Boxframes. The first option is for your print to be produced onto photographic paper and coated in a protective pearl laminate. The print is then affixed to sturdy 5mm foam PVC and set flush within the frame. The second option is to replace the foam PVC print with a sheet of our flawless acrylic, providing a stunning high gloss finish and creating a very high-end product.

The image itself sits level with the top of the rimless 50mm deep frame, giving the product its distinctive box effect. The Boxframe comes complete with a brass hanging kit and is available in a large variety of popular sizes and the following mouldings:
